WITNESSETH:

WHEREAS, the Sponsor has applied to the Commission for a grant of funds under §305.230 RSMo; and

WHEREAS, the Commission has agreed to award funds available under §305.230 RSMo to the Sponsor with the understanding that such funds will be used for a project pursuant to this Agreement for the purposes generally described in the Sponsor's grant application/request dated October 13, 2008, and specifically described as follows:

Design apron;

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representations in this Agreement, the parties agree as follows:

(1) PURPOSE: The purpose of this Agreement is to provide financial assistance to the Sponsor under §305.230 RSMo.

(2) AMOUNT OF GRANT: The amount of this grant is One Hundred Eighty Thousand dollars (\$180,000.00); provided, however, that in the event state funds available to the Commission under §305.230 RSMo are reduced so that the Commission is incapable of completely satisfying its obligations to all the Sponsors for the current state fiscal year, the Commission may recompute and reduce this grant. The designation of this grant does not create a lump sum quantity contract, but rather only represents the amount of funding available for qualifying expenses. In no event will the Commission provide the Sponsor funding for improvements or work that are not actually performed. The release of all funding under this Agreement is subject to review and approval of all project expenses to ensure that they are qualifying expenses under this program.

(3) AMOUNT OF MATCHING FUNDS: The amount of local matching funds, and/or other resources, to be furnished by the Sponsor is Twenty Thousand dollars (\$20,000.00). The Sponsor warrants to the Commission that it has sufficient cash on

and all financial performance and other reports as required by the conditions of this grant.

(D) When land donations are used, the costs for land may be submitted with an appraisal prepared by a MoDOT-certified appraiser. All donations must be preapproved by the Commission to ensure eligibility for funding.

(E) If the Commission determines that the Sponsor was overpaid, the amount of overpayment shall be remitted to the Commission.

(9) AUDIT OF RECORDS: The Sponsor must maintain all records relating to this Agreement, including but not limited to invoices, payrolls, etc. These records must be available at all reasonable times at no charge to the Commission and/or its designees or representatives during the period of this Agreement and any extension thereof, and for three (3) years from the date of final payment made under this Agreement.

(10) FINANCIAL SUMMARY: Upon request of the Commission, the Sponsor shall provide to the Commission a financial summary of the total funds expended. The summary must show the source of funds and the specific items for which they were expended.

(11) NONDISCRIMINATION CLAUSE: The Sponsor shall comply with all state and federal statutes applicable to the Sponsor relating to nondiscrimination, including, but not limited to, Chapter 213, RSMo; Title VI and Title VII of the Civil Rights Act of 1964 as amended (42 U.S.C. §2000d and §2000e, *et seq.*); and with any provision of the "Americans with Disabilities Act" (42 U.S.C. §12101, *et seq.*).

(12) CANCELLATION: The Commission may cancel this Agreement at any time for a material breach of contractual obligations by providing the Sponsor with written notice of cancellation. Should the Commission exercise its right to cancel this Agreement for such reasons, cancellation will become effective upon the date specified in the notice of cancellation sent to the Sponsor.

(13) LACK OF PROGRESS: Any lack of progress which significantly endangers substantial performance of the project within the specified time shall be deemed a violation of the terms of this Agreement. (16) WORK PRODUCT: All documents, reports, exhibits, etc. produced by the Sponsor at the direction of the Commission and information supplied by the Commission shall remain the property of the Commission.

(17) CONFIDENTIALITY: The Sponsor shall not disclose to third parties confidential factual matters provided by the Commission except as may be required by statute, ordinance or order of court, or as authorized by the Commission. The Sponsor shall notify the Commission immediately of any request for such information.

(18) NONSOLICITATION: The Sponsor warrants that it has not employed or retained any company or person, other than a bona fide employee working for the Sponsor, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift or any other consideration, contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, the Commission shall have the right to annul this Agreement without liability, or in its discretion, to deduct from this Agreement price or consideration, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

(19) DISPUTES: Any disputes that arise under this Agreement shall be decided by the Commission or its representative.

(20) INDEMNIFICATION: To the extent allows by law, the Sponsor shall defend, indemnify and hold harmless the Commission, including its members and department employees, from any claim or liability whether based on a claim for damages to real or personal property or to a person for any matter relating to or arising out of the Sponsor's performance of its obligations under this Agreement.

(21) NOTIFICATION OF CHANGE: The Sponsor shall immediately notify the Commission of any change in conditions or law which may significantly affect its ability to perform the project in accordance with the provisions of this Agreement.

(22) AMENDMENTS: Any change in this Agreement, whether by modification or supplementation, must be accomplished by a formal contract amendment signed and approved by the duly authorized representatives of the Sponsor and the Commission.

(23) PROFESSIONAL SERVICES BY COMPETITIVE PROPOSALS: Contracts for architectural, engineering and/or land surveying services, as defined in section 8.287 RSMo, shall be procured by competitive proposals, and the procurement process shall comply with sections 8.285-8.291 RSMo.

(26) COMMISSION REPRESENTATIVE: The Commission's chief engineer is designated as the Commission's representative for the purpose of administering the provisions of this Agreement. The Commission's representative may designate by written notice other persons having the authority to act on behalf of the Commission in furtherance of the performance of this Agreement.

(27) SAFETY INSPECTION: The Sponsor shall eliminate all deficiencies identified in its most recent safety inspection letter. If immediate elimination is not feasible, as determined by the Commission, the Sponsor shall provide a satisfactory plan to eliminate the deficiencies.

(28) LAND INTERESTS: When grant funds are used to pay for land or aviation easements, the following requirements apply:

(A) Acquisition of Land - Fee Simple Title: The Sponsor shall obtain a qualified attorney's title opinion to assure the Sponsor receives fee simple title, free and clear of any encumbrance that could adversely affect the operation, maintenance or development of the airport.

The attorney's title opinion shall be furnished by the Sponsor to the Commission for review. The Sponsor shall acquire the property in fee simple absolute by general warranty deed from the grantors. A copy of the deed shall be furnished to the Commission for review. The Sponsor shall record the deed in the land records of the county recorder's office in the county where the airport is located.

(B) Acquisition of Avigation Easements: The Sponsor shall obtain a qualified attorney's title opinion to assure that the Sponsor has obtained the required interest in and to the easements to be acquired, free and clear of any encumbrances that would be incompatible with or would interfere with the exercise and enjoyment by the Sponsor of the rights and interests conveyed, and that the grantors of easements constituted all of the owners of the land affected by the easements.

(C) Land Cost Reimbursement by Federal Government Use as Local Share Only: Since it is the intent of the state of Missouri that funds provided under this Agreement be used only for aeronautical purposes, the Sponsor hereby covenants and agrees that it will not request reimbursement from the United States Government for the cost of land acquired with the funds granted under this Agreement; provided, however,

that nothing in this paragraph shall be construed to prevent the Sponsor from using all or any part of the acquisition cost of this land to make up its share of eligible project costs incurred under any airport development grant from the United States Government.

(D) Aeronautical Use: If land interests are not used for aeronautical purposes within five (5) years, the Sponsor shall at the request of the Commission return the full amount of those grant funds used to purchase the land interests. The Sponsor may request an extension of this time period in writing to the Commission.

(29) AIRPORT USE: The Sponsor agrees to operate the airport for the use and benefit of the public. The Sponsor further agrees that it will keep the airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds and classes. Any proposal to temporarily close the airport for non-aeronautical purposes must first be approved by the Commission. Otherwise, at no time shall the airport be closed to accommodate a non-aeronautical event or activity.

(30) SAFE OPERATION OF AIRPORT: The Sponsor agrees to operate and maintain in a safe and serviceable condition the airport and all connected facilities which are necessary to serve the aeronautical users of the airport other than facilities owned or controlled by the United States. The Sponsor further agrees that it will not permit any activity on the airport's grounds that would interfere with its safe use for airport purposes. Nothing contained in this Agreement shall be construed to require that the airport be operated for aeronautical uses during temporary periods when snow, ice, or other climatic conditions interfere with safe operations.

(31) RESPONSIBILITY FOR PROJECT SAFETY: During the full term of the project, the Sponsor shall be responsible for the installation of any signs, markers, or other devices required for the safety of the public. All markers or devices required on the airport will conform to Federal Aviation Administration (hereinafter, "FAA") regulations or specifications that may apply. The Sponsor shall issue, through the applicable FAA Flight Service Station, any and all Notices to Airmen that may be required.

(32) ENGINEER'S DESIGN REPORT: Prior to development of the plans and specifications, the Sponsor shall provide an engineer's report setting forth the general analysis and explanation of reasons for design choices. Said report shall include an itemized cost estimate, design computations, reasons for selections and modifications, comparison of alternatives, life cycle cost analysis, geotechnical report and any other elements that support the engineer's final plans and specifications.

(33) GEOMETRIC DESIGN CRITERIA: The Sponsor shall use the geometric design criteria promulgated by the FAA in the AC series and in FAA Orders. The Sponsor may request and receive approval for adaptation of said criteria where the Commission concurs that such adaptation is appropriate considering safety, economy and efficiency of operation.

(34) PLANS, SPECIFICATIONS AND ESTIMATES: The plans and construction specifications for this project shall be those promulgated by the FAA in the AC series and in FAA Orders.

(A) The plans shall include a safety plan sheet to identify work areas, haul routes, staging areas, restricted areas, construction phasing, shutdown schedule etc., and to specify the requirements to ensure safety during construction.

(B) The Sponsor shall submit all plans, specifications and estimates to the Commission for review and acceptance prior to advertising for bids for construction.

(35) REVIEW OF BIDS AND CONTRACT AWARD: The Commission shall review all contractors' bids and approve the selection of the apparent successful bidder prior to the Sponsor awarding the construction contract.

(36) NOTICE TO PROCEED: After the Commission receives copies of the executed construction contract between the Sponsor and the contractor, the performance and payment bonds, and any other documentation as required by this Agreement, the Commission will authorize the Sponsor to issue a notice to proceed with construction.

(A) The Sponsor shall issue a notice to the contractor within ten (10) days of authorization by the Commission, unless otherwise approved by the Commission.

(B) Any construction work performed prior to the Sponsor's issuance of a Notice to Proceed shall not be eligible for funding participation.

(37) CONSTRUCTION OBSERVATION/INSPECTION REQUIREMENTS: In conjunction with submittal of the Notice to Proceed documentation, the Sponsor shall provide a construction observation/inspection program setting forth a format for accomplishment of resident observation, construction inspection and overall quality assurance.

(38) CONSTRUCTION PROGRESS AND INSPECTION REPORTS: The Sponsor shall provide and maintain adequate, competent and qualified engineering supervision and construction inspection at the project site during all stages of the work to ensure that the completed work conforms with the project plans and specifications. Project oversight by the Commission's project manager or other personnel does not relieve the Sponsor of this responsibility.

(A) The Sponsor shall require the resident project representative to keep daily construction records and shall submit to the Commission a Weekly Construction Progress and Inspection Report (available on MoDOT's aviation section

website), completed by the resident project representative. A weekly summary of tests completed shall be included.

(B) Prior to final acceptance, the Sponsor shall provide to the Commission a testing summary report bearing the engineer's seal and including a certification from the engineer that the completed project is in compliance with the plans and specifications.

(C) Certification statements from construction contractors must be provided to ensure all workers, material suppliers, etc. have been paid.

(39) CHANGE ORDERS/SUPPLEMENTAL AGREEMENTS: All change orders/supplemental agreements must be submitted to the Commission for approval prior to implementation to ensure funding eligibility. Requests for additional work for items not included in the original bid must be accompanied by a cost analysis to substantiate the proposed costs.

(40) RECORD DRAWINGS: The Sponsor shall provide one (1) electronic set of as-built construction drawings on a compact disc in .pdf format copied to a single file (each sheet must be sealed, signed, and dated by the engineer) to the Commission upon project completion. In addition, the Sponsor shall provide six updated Airport Layout Drawings (ALD's) showing as-built conditions, if required. The Commission will forward updated ALDs to the FAA central region office.

(41) FILING NOTICE OF LANDING AREA PROPOSAL: When a project involving changes to the runway will be implemented at an airport, the Sponsor must submit FAA Form 7480-1 ("Notice of Landing Area Proposal") to the FAA not less than one hundred twenty (120) days prior to commencement of any construction or alteration. A copy of the form as filed with the FAA and the FAA airspace determination letter must be provided to the Commission. This form must be submitted for any projects that involve the widening or lengthening of an existing runway or construction of a new runway.

(42) FILING NOTICE OF PROPOSED CONSTRUCTION OR ALTERATION: When a development project that does not involve changes to the runway will be implemented at an airport, the Sponsor must electronically submit FAA form 7460-1 ("Notice of Proposed Construction of Alteration") to the FAA not less than one hundred twenty (120) days prior to commencement of any construction or alteration. Electronic submittal of FAA form 7460-1 must be submitted for construction of any permanent structures on the airport, temporary structures over 20 feet in height or use of construction equipment over 20 feet tall. It is not necessary for routine construction projects, unless they include above ground installations.
